

The ability to consistently deliver in-depth, timely information, support and communicate the good works of our 60+ ministries, and have the funding to do so is crucial to the success and well-being of St. Joan of Arc Parish and the community we serve.

In the fall of 2009, the ARC Fund was established to cover the costs of this work in the short term and to pursue new revenue streams to cover costs in the future.

Revenue received via grants, donations and fundraising programs will be used to:

- Produce our quarterly KnightWatch newsletter and annual report to reach all our registered households.
- Assist our ministries to enhance their current programming, and develop new initiatives with the goal of increasing participation, and thereby allow them to fulfill their mission of service to St. Joan of Arc Parish and our local, regional, national and worldwide community.
- Work with our Festival Committee to develop and promote new opportunities.
- Upgrade our Website to include electronic versions of our publications.
- Research and apply for grants.
- Develop our Patron Program for Planned Giving.

For additional information or questions about The ARC Fund, please contact the parish office at 717-533-7168.

Thank You!
