Knights of Columbus - Council #6693

Virtual Food Drive

During this time of quarantine and social isolation, the **Hershey Food Bank** provides a critical service to many of the members of our community in their time of need. As you can imagine, the services of the Food Bank will be in much more demand as time goes on and we begin to see the greater economic impact of the pandemic. The strain on the resources of the Food Bank are already becoming evident and will only become more serious as time goes on.

The **Knights of Columbus** and **St. Joan of Arc Parish** have long been a regular source of support for the Food Bank through our monthly Food Collections. Obviously, we are unable to conduct these collections right now, so the Knights are conducting a **Virtual Food Drive** to help continue our support for this critical service.

The Knights are making a financial contribution from our Council funds. In addition, the members of the Council are making personal contributions to match or exceed the funds being donated by the Council.

The purpose of our **Virtual Food Drive** is to ask those of you in the Parish, who can afford to help, to remember the Food Bank and either donate food as per the note below or make a financial donation directly to the Food Bank.

We thank you for your generosity and the support of this **Virtual Food Drive**. We look forward to the day when we can once again collect food in front of the church, but for now we encourage you all to follow the safety guidelines and help to slow the advance of this terrible virus.

May God bless you all and keep you safe and healthy.
